Aqua Illinois LIHWAP Program

What is LIHWAP?

The Low Income Household Water Assistance Program (LIHWAP) is a NEW emergency water assistance program that was created by the federal government to help families that are experiencing hardship with their water bills.

LIHWAP will assist Illinois families who are behind on their drinking water and wastewater bills to ensure their service remains active and can also be used to restore service that was previously disconnected.

LIHWAP is a grant paid directly to Aqua for the customer’s account.

Households at or below the 200% poverty level are eligible for assistance through LIHWAP.
